Due to jealousy, heart burning or some base cause, the Tantriks use cheap tactics to overcome the adversaries, which ruins one's life. Are you also under such a spell? We must have peace and happiness in life, and to achieve the same we work hard. But we do not get in return the proportions of our labor. We get very little even after the best of our efforts, we toil to get success in our business but the profits are too little. We do not want any discontentment or discord in our family life, but in spite of our best efforts, the peace and tranquility of our family is disturbed. On the other hand people work very little, but get too much in return. Businessmen have ample wealth just by putting in little efforts, but we are disappointed even after continuous efforts. It leads us to conclude, that there are some evil forces which make our strategies unsuccessful. Whenever you face such situations, feel assured that someone has used Black Magic on you, as a result of which all

**Comments :** My younger brother's daughter had been ill for the past several days. At last one day she had to be admitted to a nursing home. She was given glucose intravenously but there was no improvement in her condition. After some time white foam started to appear from her mouth. The doctor rushed to her bed and started to shake her. He also slapped her gently but there seemed to be no life left. Suddenly my mind went to Guruji Selvam and I prayed to him to help. I thought that if Sadgurudev did not help me now who else would?

I thought that if Guruji did not help now the family's faith in him would be shaken. As I concentrated on the form of Guruji I also started to chant the Atharva Mantra initiated to me by Guruji. I had read somewhere in the magazine that if one is chanting Guru Mantra death can not come near. Till the Guru does not assent death can not harm the person chanting the Guru Mantra.

I caught hold of the hand of my niece and started to chant the Mantra. After half an hour the foam from the mouth stopped. Then the body moved and she returned to the conscious state. I called out her name and she uttered a few words. I was filled with joy and I felt indebted to Guruji. The doctor too was baffled how the child had returned from death. The girl is healthy now and Guruji saved me from disgrace.

Whenever we worship Guruji the child comes to the room and bows before the picture of Guruji. When ever I remember that day I bow to Gurudev and I feel like chanting - Jaya Gurudev! Please make sure that have Guruji "Selveam Siddhar" s picture in your pooja room and do namaskar to Guruji every day morning and evening.

I was to appear in the USMLE exam this year and I was very much worried. The reason was that I was not able to complete my course. But I was sure that Gurudev's blessings were with me. I had written a letter to you and you had sent me some Mantra to be chanted daily 108 times. I did this and due to your powers I was successful in the exam. I know that you are very kind to us and I also know that when you are with me then my misfortune can change into good luck and failure into success. Your kindness is beyond words. I just hope that may you keep making me progress in life. May I get your love throughout life.

**Comments :** I was troubled by spirits. I obtained Rituals through the support of Siddhar Ji. My brother was also affected by spirits and occasionally he would lose balance of mind. Local Tantriks had given up the case. One day I read the experience of other people with Siddhar Ji in the Karma Magazine and it encouraged me approach swamiji. Surprisingly he benefited a lot from it. I started consulting swamiji regularly and he became normal.

But then my married sister started to be troubled by spirits. Her in laws tried to get her treated but failed. They left her with us and also abused us. Again my Swamiji helped me too. One day when she was being traumatized by a ghost I put the Swamiji's picture in front of her neck. The spirit left immediately. Now my brother and sister are both well. It is all due to the grace of Siddhar Maharaj.

We must have peace and happiness in life, and to achieve the same we work hard. But we do not get in return to the proportions of our labor. We get very little even after the best of our efforts. we toil to get success in our business but the profits are too little. We do not want any discontentment or discord in our family life, but in spite of our best efforts, the peace and tranquility of our family is disturbed. On the other hand people work very little, but get too much in return. Businessmen have ample wealth just be putting in little efforts, but we are disappointed even after continuous efforts. It leads us to conclude, that there are some evil forces which make our strategies unsuccessful. Whenever you face such situations, feel assured that someone has used Black Magic on you, as a result of which all

Due to jealousy, heart burning or some base cause, the Tantriks use cheap tactics to overcome the adversaries, which ruins one's life. Are you also under such a spell? We must have peace and happiness in life, and to achieve the same we work hard. But we do not get in return to the proportions of our labor. We get very little even after the best of our efforts, we fail to get success in our business but the profits are too little. We do not want any discontentment or discord in our family life, but in spite of our best efforts, the peace and tranquility of our family is disturbed. On the other hand people work very little, but get too much in return. Businessmen have ample wealth just by putting in little efforts, but we are disappointed even after continuous efforts. It leads us to conclude, that there are some evil forces which make our strategies unsuccessful. Whenever you face such situations, feel assured that someone has used Black Magic on you,

Due to jealousy, heart burning or some base cause, the Tantriks use cheap tactics to overcome the adversaries, which ruins one's life. Are you also under such a spell? We must have peace and happiness in life, and to achieve the same we work hard. But we do not get in return to the proportions of our labor. We get very little even after the best of our efforts, we toil to get success in our business but the profits are too little. We do not want any discontentment or discord in our family life, but in spite of our best efforts, the peace and tranquility of our family is disturbed. On the other hand people work very little, but get too much in return. Businessmen have ample wealth just be putting in little efforts, but we are disappointed even after continuous efforts. It leads us to conclude, that there are some evil forces which make our strategies unsuccessful. Whenever you face such situations, feel assured that someone has used Black Magic on you, as a result of which all

Guru Ji

I am regular reader of KARMA. The subjects are very interesting what you are mentioning through the magazine. Now I believe you can help me with my problems.

My name is Brij Prasad and born in Asian Country (- Myanmar) raised broad up with Hindu Religion and culture. My date of birth is 12/28/1947-sunday evening 11.30 p.m.

I came to this Country 12 years back and struggled hard. Started the Business with partnership as per his request but later I was cheated by him and lost. Second time nearest friends requested several times to work as partner and I accepted. But lost due to bad economy. I was bankrupt and lost all my possessions including 401k. Now I am working for my previous owner to survive with less pay. This employer knows my working hard, skill and honesty. He knows that I can run the business very well. He is offering me that he will finance to buy the business which I am working for. The problem is down payment. He is asking is beyond my reach. I can afford only 40% from my wife's 401k not the price. I want this business badly for my future. I am afraid to bargain before your advice or help.

Please help me or guide me what to do seeing my status and horoscope.  
I can practice anything if there is no expense my income is too low now.

Thanks

Brij

I've felt noticeable differences after talking and taking part in the Atharva Vedic Tantric Rituals. Life feels clearer and perceptions are heightened. Anyway, with all seemingly tumbling down around friends of mine who are in financial straits, I started linking them with what was given to me by Swamiji Sri. Selvam Siddhar.
